

Primex Acoustic

The System itself

Integrate your individual Image, printed on textile, in an elegant aluminum frame in your desired size. The ideal solution for advertising, retail, commercial and interior decoration. The motif can be exchanged quick and easy, you stay flexible in design.

Acoustics

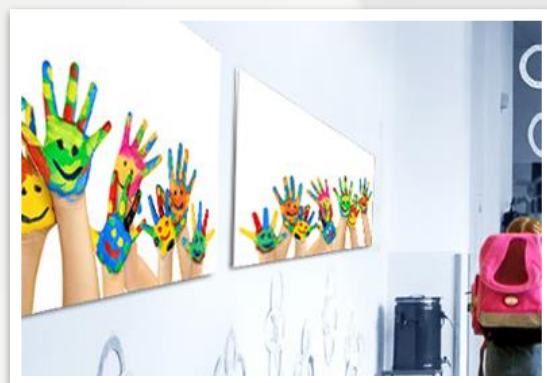

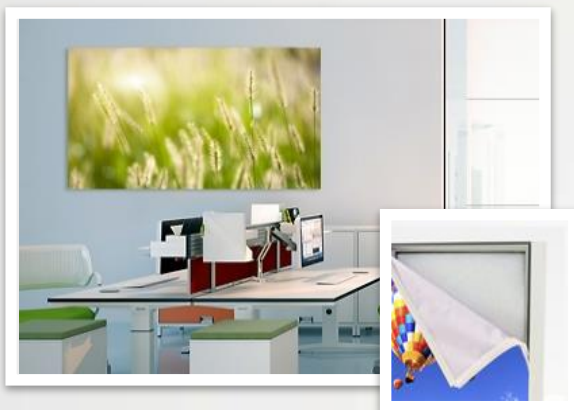

Combine your individual design with acoustic absorption to optimize the room acoustics. An integrated high-performance absorber will reduce the reverberation time of the room and thereby create a pleasant acoustic atmosphere. Create your individual Acoustic Picture, Room Divider or Ceiling Panel.

Characteristics

- Acoustic Picture, Room Divider or Ceiling Panel
- Integrated high-performance absorber (class A)
- Easy mounting and transport
- Individual printable textiles
- Textile exchangeable quick and easy
- Individual formats and sizes up to 20 x 5 m

Application

- Hotel, Lobby
- Office, School
- Retail, Mall
- Healthcare
- Private living
- ...
